

# EASEMENT REEL

Our Easement Reel provides a low cost alternative to self-powered easement machines. You are able to utilize equipment you already own and maintain while allowing you access to jobs in more rugged terrain. This Reel also provides better stabilization when attached to a skid loader than standard easement machines.

## FEATURES:

- Reel with 600 feet of 1" Hose
- Holds 800 feet of 3/4" Hose
- Variable Hose Reel Speed Control
- 270 degree Lockable Rotating Reel
- Manual Lever Rewind
- Universal Attachment for Skid Loaders
- 3 inch channel steel frame
- Powder Coat Finish—Standard White (Custom Colors Available - Addl. Cost May Apply)
- Standard Hydraulic Quick Couplers with Pressure Relief
- Hydraulic Center Flow Valve
